Guidelines for determining fees for Aggregate Producer Members of the VTCA:

The fees of Aggregate Producer members for each calendar year are based upon the tonnage of all non-fuel minerals produced or marketed within the Commonwealth of Virginia during the preceding 12-month period ending on September 30 of the reporting year. Dues shall be invoiced and paid quarterly in advance during the calendar year.

Each producer member company must report in a like manner the tonnage of all non-fuel minerals (aggregates and industrial minerals) produced or marketed within the Commonwealth of Virginia. Your report should include:

1. All non-fuel minerals products sold to customers within the Commonwealth of Virginia;
2. All non-fuel minerals produced by aggregate producer members including minerals utilized in their own production plants (i.e. asphalt, concrete, block, brick, etc.);
3. The consolidated tonnage of all companies and/or plants in which the aggregate producer member company has at least a 50% interest must be reported on one form.

Please fill in your tonnage produced and marketed within Virginia below:

Dues, fees and contributions are not deductible as charitable contributions but may be deductible as ordinary and necessary business expenses. Also, the Omnibus Budget Reconciliation Act of 1993 does not permit you to deduct that portion of your dues attributable to our lobbying efforts. This year, five percent of \$850 will not be tax deductible as an ordinary and necessary business expense.

Your tonnage report is strictly confidential and individual reports are not released to the VTCA Board of Directors, its members, or any public or private entities. Only cumulative totals for the entire industry may be released.

VTCA will calculate your fees based on the Aggregate Producer Fee Schedule. Fees will be capped at \$35,000.
